

1926 PLANOPLY MOTION 4.0

1926 PLANOPOLY MOTION 4.0

MODEL DESCRIPTION

The PLANOPOLY MOTION 4.0 system range enables you to realise your dream of a cosy living area. From a single sofa to a corner combination and classic sofa suite, various designs can be realised. The model is impressive both in terms of its appearance and its numerous functional features.

UPHOLSTERY

workmanship: casual look
backrest: Formasoft cold foam

SEAM APPEARANCE

seam type: saddler seam, decorative fell seam
decorative contrast stitching: possible

SEATING COMFORT

The seating comfort can be selected in 3 degrees of firmness:
Superlastic plus with spring core
Superlastic med
Superlastic soft

INFORMATION ON COVERS

back cover: genuine
special features of the cover: not suitable for mohair fabrics
cover combination: not possible

TOGGLE SWITCH

The electrical function is controlled by a toggle switch on the side of the seat.

METAL FOOT

metal foot 62 stainless steel look
metal foot 63 anthracite

ATTENTION

- ⚡ Variants are available electrically and optionally with a rechargeable battery.
- 🔧 Variants with a corresponding note are delivered disassembled for weight and technical reasons (assembly instructions are enclosed).

1926 PLANOPOLY MOTION 4.0

DIMENSIONS

The dimensions stated on the price pages refer to the low seat height. The height and total height change accordingly.

All dimensions are approximate and may vary slightly.

With the supplementary equipment heart balance, the total depth is reduced by approx. 7cm due to the fittings.

The width specification for elements with side part is based on a slightly angled position of the side parts, as only in this position a dimensionally accurate and visually harmonious appearance can be guaranteed.

A wall clearance of 10cm is required to operate the Wallfree function.

SUPPLEMENTARY EQUIPMENT

Z77 heart balance

Z87 seat inclination adjustment

STORAGE BATTERY 0920

The external storage battery makes the furniture cordless. The simple handling with a plug connection and the small and easy-to-use charging station speak for themselves. Available in silver and anthracite. Recommendation: battery cover in matching cover.

SUITABLE MODELS

7916 CUMUREX LOUNGE CHAIR

HEADREST HEIGHT ADJUSTMENT

The adjustable headrests offer additional comfort and maximum flexibility. They can be adjusted manually or electrically in height and can also be individually adjusted manually in terms of angle of inclination – for a seating experience that is perfectly tailored to you.

WALLFREE FUNCTION

The Wallfree function is available either manually or electrically and allows for comfortable adjustment of the backrest and leg rest. With the optional heart balance function, the leg section can be raised to a comfortable heart balance position. The separately switchable seat tilt adjustment also allows flexible, stepless adjustment of the seat tilt in any position until the comfortable heart balance position is achieved by adjusting the leg rest.

1926 PLANOPOLY MOTION 4.0

END RECAMIERE

The end recamiere can be electrically adjusted to a reclining position. The backrest lowers and the seat moves forward, so that no additional wall clearance is required here either. The electrically height-adjustable headrest allows you to find your ideal relaxation position in comfort.
